

R-co Conviction Convertibles Europe C EUR

Convertible Bond Mutual Fund

 SFDR
 Article **8**

 COUNTRY OF REGISTRATION  FR  AT  BE  CH  DE  ES  IT

INVESTMENT OBJECTIVE

The management objective of R-co Conviction Convertibles Europe is to outperform the FTSE Convertibles Indices Europe by having at least 60% of its assets invested in and/or exposed to, on a continuous basis, convertible bonds or bonds exchangeable for an underlying listed on the market of a European country. The FCP is a conviction fund with a discretionary management style based on the manager's assessment of changes in the various markets, combined with a socially responsible investment approach.

Risk level

Lower risk							Higher risk
	1	2	3	4	5	6	7

Potentially lower return Higher yield potential

The synthetic risk indicator shows the level of risk of this product compared to others. It indicates the probability that this product will suffer losses in the event of market movements or our inability to pay you.

We have classified this product in risk class 3 out of 7, which is a low to medium risk class. This means that the potential losses associated with the future performance of the product are low to medium and, should market conditions deteriorate, it is unlikely that our ability to pay you will be affected.

Other important risk factors not adequately covered by the indicator :

Credit risk: Risk of deterioration in credit quality or risk of default by an issuer that could negatively impact the price of the assets in the portfolio.

Liquidity risk: Risk linked to the low liquidity of the underlying markets, which makes them sensitive to significant buying and selling movements.

Counterparty risk: Risk of default by a counterparty to an OTC transaction (swap, repo). These risks may have a negative impact on the net asset value of the Fund.

Impact of techniques such as derivatives: The use of derivatives can amplify the impact of market movement effects on the portfolio.

Fees

Subscription fee (max) / Redemption fee (max.)	3% / None
Financial management fees	1,40% Maximum total including VAT of net assets
Ex-post ongoing charges	1,41%

Administrative fees	-

Glossary

Carbon intensity

The Carbon Intensity of the portfolio is defined as the weighted sum of the carbon intensities of the underlying assets in the portfolio.

Science Based Targets initiative (SBTi)

Science Based Targets initiative is an international climate action organisation that develops standards, tools and advice that enable companies to set greenhouse gas (GHG) emission reduction targets based on climate science and what is needed to reach the target of net zero by 2050 at the latest.

Target Set: Corporate targets are clearly defined and science based programmes to reduce greenhouse gas (GHG) emissions that have been reviewed and validated by SBTi. The objectives of these undertakings are expressed by temperature alignments.

Committed: Commitments represent a company's intention to develop objectives and submit them for validation within 24 months. These companies do not yet have targets validated by SBTi.

SFDR articles

Article 6: the financial product does not necessarily promote ESG characteristics or have specific sustainable investment objectives.

Article 8: the financial product promotes certain environmental and social characteristics.

Article 9: the financial product has sustainable investment objectives.

Green share

Share of sales of underlying assets contributing to transition.

Category "transition to a low carbon economy"

This indicator classifies companies according to their exposure to the risks and opportunities associated with the transition to a low-carbon economy.

The different categories are :

Asset Stranding: assets that lose value due to unfavourable market developments (legislation, environmental constraints, technological disruptions) that cause significant devaluation (e.g. companies owning coal mines);

Operational transition: a company facing increased operating costs due to carbon taxes or having to make significant investments to implement solutions to reduce their greenhouse gas emissions (e.g. cement producers);

Product offering in transition: a company facing a decline in demand for carbon-intensive products and having to shift its product offering towards products compatible with a low-carbon economy (e.g. the automotive sector);

Neutral: a company with low exposure to increases in operating costs/capital expenditure associated with the transition to a low-carbon economy (e.g. the healthcare sector);

Solutions: a company that provides products or services that are expected to benefit from the transition to a low-carbon economy (e.g. renewable energy power producers).

- Information for Swiss investors

The funds of Rothschild & Co Asset Management (hereinafter the "Funds") presented in this document are companies under French law. This fact sheet is not an invitation to subscribe to any of the Funds described herein; it does not replace the Fund's prospectus and is provided for information purposes only. This presentation does not constitute advice or a recommendation to subscribe to any Fund. Subscriptions shall be accepted, and shares or units shall be issued, only on the basis of the current version of the respective Fund's prospectus, as approved by FINMA. Any information imparted by this document is provided for information purposes only and has no contractual value. Past performance is not an indication of future performance. Furthermore, the commission levied for the issue and redemption of shares or units in the respective Fund shall be charged in addition. Rothschild & Co Asset Management makes no guarantee whatsoever in respect of trends in performance and may not be held liable for any decision taken on the basis of the information contained in this document.

Investing in one or more shares or units of a Fund involves risk. Rothschild & Co Asset Management recommends that subscribers request additional information, particularly with regard to the capacity of the Funds' characteristics to meet their needs, by calling the Funds' representative in Switzerland, as specified above, their usual financial advisor or Rothschild & Co Asset Management before deciding to invest.

Rothschild & Co Bank AG (Zollikerstrasse 181- CH-8034 Zurich - Switzerland) has obtained authorisation from FINMA to distribute the Funds to non-qualified investors in/or from Switzerland; Rothschild & Co Bank AG is also appointed as representative (the "Representative") and paying agent in Switzerland.

The Fund's Regulations or Articles of Association, Prospectus, Key Investor Information Documents and Annual and Semi-Annual Reports for Switzerland may be obtained free of charge from the Representative in Switzerland. Investors must familiarise themselves with the prospectuses before subscribing to the shares or units of any Fund whatsoever.

Announcements intended for investors in Switzerland concerning Rothschild & Co Asset Management or the Funds will be published on the electronic platform www.fundinfo.com, which is authoritative. The issue and redemption prices, or the net asset values marked "exclusive of commission", will be published every day on the electronic platform www.fundinfo.com.
